

# FREE WEBINAR: TAX HACKS TO HELP YOU "GIVE SMARTER"

If you are like me, you have been receiving a variety of charitable tax slips in the mail the last couple of weeks. It is tax season, and it is as good a time as any to take stock of your financial situation, including thinking about how to optimize your charitable giving.

In recent meetings with donors, there is increasingly the question about how to "give smarter." One of the best ways to do this is by leaving a charitable gift in your Will. Not only can you make a lasting contribution, to your congregation, the mission of the wider church, or another charity that is close to your heart, without using any of the money you need now, there are tax advantages that could benefit your estate and loved ones. Simply put, a gift in your Will can do more than you think.

Want to know how? I would like to invite you to a free webinar that will hopefully be an eye-opener for you. This 30-minute webinar is hosted by [Will Power](#), a national movement inspiring Canadians to think differently about their charitable giving. The session will include advice from a financial planner on how to set up your estate to support loved ones and charity, and save on taxes.

You can choose your preferred time, and attend this free estate planning webinar **at your convenience:**
